**Subject:** Microsoft Settlement

Please be advised that I believe that the settlement agreed to between the Department of Justice and Microsoft is fair and reasonable to the consumer and is in the public interest.

It is time for everyone involved to get on with being concerned about innovation, creativity, and doing constructive things to help stimulate the economy. It is necessary for this matter to be resolved for the benefit of the consumer, Microsoft's stockholders, and for all the companies that do business with Microsoft

Needless to say, I encourage the Court to approve the settlement agreed to between Microsoft, the nine states, and the Department of Justice.
